Dear Professor,

We hope you and your family are safe. From the Serra Húnter Programme (SHP) we are glad to inform you that, after the negotiations with the Universitat Politècnica de Catalunya, **you have been selected to take part in the selection committee for the lecturer position in Electronic engineering**. The SHP and the universities keep working to make sure competitions can continue while ensuring all the safety protocols.

You will find the composition of the selection committee below. Please check whether you are included in the members/president list or whether you have been appointed as substitute member. Also, please note that, if your name was suggested by the Director of the SHP, you would have previously received an invitation by us that you would have already accepted while, if your name was suggested by the university, you should have been contacted by the university staff.

If selected as **acting president or acting secretary**, you will receive €350 reward for your work while if appointed as **vocal**, you will receive €250. These amounts may be subject to income tax unless there is a double taxation agreement between Spain and your country. If needed, accommodation, flights and meals will be covered by the programme, but please **be sure that you will not be required to travel until Covid-19 is controlled enough for travel to be safe again**. In addition, the university is working on implementing the necessary legal arrangements for the selection process to be fully on-line (and thereby avoid the need for traveling).

If included in the **substitute members'** list, your participation will probably not be needed this time. However, your collaboration is still very important for us because we need to guarantee the correct functioning of the selection process. Should your active participation become necessary, the university and the secretary of the selection committee would contact you in due course.

Attached to this email you will find **general guidelines** of the selection process (in English, Catalan and Spanish) that we hope will be of help. However, please note that the university is in charge of managing the competition according to its rules and regulations. Therefore, the university staff will provide further specific information and will contact all members to find the most suitable date for the interviews in due course. The exact schedule of the process depends on the university calendar and the situation with covid19, but we expect that the committee will start working by April 2021 and that the onsite/videocall interviews can take place in June 2021.

Again, many thanks for accepting to collaborate with us; it is such an honour to have you in our selection committees, especially under these difficult circumstances.

If you have any doubts or need further information please do not hesitate to contact us.

Best regards,

UPC-LE-120023: Electronic engineering

President	Stephen L. Smith	University of York
Secretary	Jaime Oscar Casas Piedrafita	Universitat Politècnica de Catalunya
Vocal 1	Elena Lomonova	University of Eindhoven
Vocal 2	João Francisco Alves Martins	Universidade Nova de Lisboa
Vocal 3	Eduard Llobet Valero	Universitat Rovira i Virgili
Substitute Secretary	Ángel Rodríguez Martínez	Universitat Politècnica de Catalunya
Substitute Member	Paulo Portugal	University Porto

Substitute Member	Alberto José Palma López	Universitat de Granada
Substitute Member	Miguel Ángel Pérez García	Universitat d'Oviedo
Substitute Member	Jesús Lozano Rogado	Universitat d'Extremadura
