

# Annex 2 – Long term experimental conditions (Copepods)

Copepod long-term experimental conditions to be performed in the postdoctoral research proposal (SFRH/BPD/94523/2013). Temperature (18°C and 22°C); Normoxia (~5ml O<sub>2</sub>.l<sup>-1</sup>); Hypoxia (2.0ml O<sub>2</sub>.l<sup>-1</sup>); Normocapnia (pH 8.0); Hypercapnia (pH 7.5). After Rosa et al., 2014

# Annex 2 – Long term experimental conditions (Amphipods)

**Conditions: Temperature (15°C and 26°C); Normoxia (5mg O<sub>2</sub>.l<sup>-1</sup>); Hypoxia (2.0mg O<sub>2</sub>.l<sup>-1</sup>); Normocapnia (pH 8.0); Hypercapnia (pH 7.5).**

After Rosa et al., 2014
